## Section 1: Upgrade Using A Certificate With Internet Access

Before attempting to upgrade a Marquee device, we recommend that you download the latest version of the Horizon Control Incorporated upgrade utility. This can be located in the Marquee download area [http://www.horizoncontrol.com/web/marquee/mq\\_download.htm](http://www.horizoncontrol.com/web/marquee/mq_download.htm) Under "Marquee Utilities". Check the website for the current version.

1. From The Help Menu In Marquee, choose "Upgrade Marquee".

2. Select "My dealer has given me a Upgrade Key", and then click "Next".

3. Enter Your Upgrade Key into the spaces provided.

4. Select the type of your device, and direct HCI Upgrade where to “look” for it, and click “Next”.  
(Consoles are USB devices)

Horizon Upgrade Wizard - Select Horizon Device Location

Select where to scan for Horizon Devices

Scan USB

Scan Parallel Port    LPT1:

Scan Ethernet    Start: 192 . 168 . 1 . 1  
End: 192 . 168 . 1 . 10

## Section 2: Upgrade Using A Certificate Without Internet Access

Before attempting to upgrade a Marquee device, we recommend that you download the latest version of the Horizon Control Incorporated upgrade utility. This can be located in the Marquee download area [http://www.horizoncontrol.com/web/marquee/mq\\_download.htm](http://www.horizoncontrol.com/web/marquee/mq_download.htm) Under "Marquee Utilities". Check the website for the current version.

1. From The Help Menu In Marquee, choose "Upgrade Marquee".

2. Select "My dealer has given me a Upgrade Key", and then click "Next".

3. Enter Your Upgrade Key into the spaces provided.

7. Click "No" For going to the Internet to finish registration.

8. Copy the register.html file from D:\ drive to a removable disk (file will be on the desktop for Marquee PC users), and take it to a PC with internet access.

9. On a PC with internet access, double click on the "register.html" file on the disk.

11. Look for an email from Horizon Control containing an activation.txt. Once you receive the email, place the activation.txt on your disk, and take it back to the Marquee Processor, and place it in the root directory of D:\ (place the file on the desktop for Marquee PC users),

12. Launch the Horizon Upgrade Utility again; the utility should automatically upgrade the device, if it is present. The utility may request that you search for the device, similar to step 4. Feel free to contact Horizon Support with any questions.

### Section 3: Purchase Upgrade With A Credit Card With Internet Access

Before attempting to upgrade a Marquee device, we recommend that you download the latest version of the Horizon Control Incorporated upgrade utility. This can be located in the Marquee download area [http://www.horizoncontrol.com/web/marquee/mq\\_download.htm](http://www.horizoncontrol.com/web/marquee/mq_download.htm) Under "Marquee Utilities". Check the website for the current version.

1. From The Help Menu In Marquee, choose "Upgrade Marquee".

2. Select "I want to purchase an upgrade on-line with my credit card", and then click "Next".

3. Select the type of your device, and direct HCI Upgrade where to "look" for it, and click "Next". (Consoles are USB devices)

4. Enter all of your personal information, then click "Next".

(A correct email address is critical for us to support you in the event of an upgrade problem.)
