Hong Kong Marquee Training

Robert Bell of Horizon Control, in conjunction with JR Chai of Entertainment Technology, held a four day Marquee workshop in Hong Kong at the Hong Kong Academy of Performing Arts (HKAPA) from 29th Nov to 2nd Dec 2005. The local VARI*LITE dealer, SDV International (Donald Chan) helped with logistics and technical setup along with a load of hospitality from the HKAPA lighting department.

Attendees included professionals from Hong Kong based TV stations TVB and ATV, local rental companies, theatre operators, lighting designers and faculty from other educational institutes. Bell gave presented on the entire VL Series of fixtures and full-on training on the Marquee ILC lighting console specifically targeted for senior students and lecturers from the Academy, programmers from National University of Singapore, local designers and freelancer programmers from Singapore and Korea.
